Are you in favor of the adoption of Amendment No. 1 as submitted by Petition for the Town Zoning Ordinance as follows?

Amendment No. 1 Article VI - To Amend Article VI of the zoning ordinance to add to the first sentence the following: "and the area on the east side of Rte. 109 beginning 200 feet east of the center line of the highway, extending from the southeast corner of property now or formerly of Laase on the North to a stone wall marking the northern boundary of property now or formerly of Roger Johnson on the south and extending 2,000 feet." Does not have approval of Planning Board.

Are you in favor of the Adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

Amendment No. 3. Article III R - Special Exceptions - Certain uses of property may be permitted as Special exceptions to the Zoning Ordinance as hereinafter stated. The Zoning Board of Adjustment (ZBA), prior to reaching a decision under this section, shall, where practical, view the site of the proposed use. This viewing shall be a joint viewing by at least three members of the ZBA, and the applicant of his designated representative. The ZBA shall make a reasonable effort to notify abutters and others known to be directly interested of the viewing.

1. The ZBA prior to granting an application for a special exception shall bear in mind the following conditions:
  - a) The specific site is an appropriate location for the proposed use.
  - b) No factual evidence is presented that property values of adjacent or nearby properties will be adversely affected by the proposed use.
  - c) The proposal shall not create any undue nuisance or unreasonable hazard. This shall include, but not be limited to, vehicular and pedestrian traffic considerations.
  - d) The proposed use shall have been reviewed and given preliminary approval, subject to the ZBA's review, by the Planning Board.
  - e) Approval of the proposed use shall not be unreasonably withheld, provided that the spirit of the provisions of this section has been met.

f) Setbacks from roadways, property lines, streams or other potentially sensitive areas shall be dealt with individually by the ZBA. In no case shall these setbacks be less than those normally required in the zone involved without the prior granting of a variance.

2. Uses permitted by Special exception and their appurtenant conditions:

a) Hotels, Motels and Restaurants in Zones 1 & 2:

(1) The septic system shall be designed by, and the plans and specifications bear the seal of, a New Hampshire Registered Engineer. The septic system shall be approved by the N. H. W. S. and P. C. C. without the granting of waivers.

(2) Parking spaces shall be provided at the rate of at least one space for each three seats in a restaurant; one and one half spaces for each rental unit in a Hotel or Motel.

(3) Motels and Hotels shall be on lots containing a minimum of 5000 square feet of land per rental unit.

b) Boathouses (zone 2)

(1) Shall comply with sideline setback requirements; Shore front setbacks shall not apply.

(2) Shall in no case be utilized for residential purposes.

(3) Abutters views, boat access, and use of property shall not be unduly affected.

(4) Applicable State or other permits shall, in general, be procured prior to application for Special Exception provided, however, that the ZBA may, in its discretion, grant approval conditional on the applicants subsequent receipt of said approvals.

c) Business usage outside Zone 3.

(1) Shall not involve the manufacture or disposal of hazardous waste products.

(2) Shall through screening and by the nature of the particular business blend harmoniously with the neighborhood.

d) Commercial Gravel or other Excavation or Mining.

(1) The provisions of R. S. A. 155-E shall be followed.

3. Planning Board review of proposed Special Exceptions

a. The Planning Board shall review all applications for Special Exceptions prior to the review of the ZBA. The Planning Board shall complete its review within 35 days of its receipt of a completed application, which receipt shall occur at a regular Planning Board Meeting. The Planning Board shall examine the application for conformance with the Town Plan, bearing in mind that a proposed use which directly conflicts with said plan is of more import than an omission of the proposed use in said plan. The Planning Board shall supply the ZBA with a written summary of its review of the application noting the preceding points, whether the proposed use conflicts with the ordinance, and any other matters the Planning Board feels are pertinent for the ZBA review.

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows?

**Amendment No. 4 Article V**

**V. A. 3. Condominiums**

- a) The provisions of Chapter 356-B "Condominium Act" of New Hampshire R. S. A. shall be incorporated in this ordinance when applicable. The applicant shall provide a sworn statement by the applicant, or by his counsel, to the effect that all applicable provisions of New Hampshire R. S. A. 356-B shall be complied with.

**V.B. 2 Lot and building requirements for Residential Condominium Units.**

- a) There shall be a minimum of one half ( $\frac{1}{2}$ ) acre for each condominium unit.
- b) There shall be a maximum of six (6) units per structure.
- c) Minimum frontage on a lake or pond shall be one hundred fifty (150) feet for the first two (2) units and twelve and one half ( $12\frac{1}{2}$ ) feet for each additional unit.
- d) Any pre-existing non-conforming lot that can support a duplex residence without variance will be allowed up to two (2) condominium units.
- e) Lots not on a lake or pond shall have a minimum of two hundred (200) feet of frontage on a public road.
- f) Condominium structures containing residential units shall have a minimum setback of one hundred (100) feet from any lake or pond; thirty (30) feet from a road right of way; twenty five (25) feet from any other lot line.
- g) There shall be a minimum of two (2) parking spaces per unit. There shall be no parking within the one hundred (100) feet water front setback. Provisions shall be made for adequate drainage. Applicant may be required to prove the safety and suitability of parking area layout and access as shown on plans.
- h) Sewage disposal systems for condominium subdivisions of four or more units shall be designed by a professional engineer licensed in the State of New Hampshire. Final approval of a proposed condominium subdivision by the Planning Board must be preceded by subdivision approval from N. H. W. S. & P. C. C. (New Hampshire Water Supply and Pollution Commission).
- i) Condominium conversions of existing structures shall conform with all applicable regulations.

## REPORT OF THE TUFTONBORO FIRE DEPARTMENT

The Tuftonboro Fire Department has gone through a very difficult year. The destruction of Engine #2 and the damage to the Mirror Lake Station was a great loss to the community.

Repairs have been made to the Mirror Lake Station and the department is anxiously awaiting the replacement mini pumper which is due to arrive later this year.

The department would like to express great appreciation to the Tuftonboro Association for their outstanding fund raising project and to the community for their support. It was a job well done.

Respectfully submitted,  
STEVEN D. BERRY  
Chief

The second annual Bicycle Safety Rodeo, with 90 children K through 5 participating, was held at the Central School. Bicycles were inspected and needed minor repairs and adjustments were made. The 4th and 5th grades, accompanied by parents, went on a cross-country ride. This ride was taken to give the students actual road experience, applying the safety principles previously demonstrated. The other grades, K through 3rd, practiced safe riding skills on a mini roadway set up at the school with actual road signs and crosswalk markings.

Oct. 30, 1981

Discussions were held with K and 1st graders at the Central School and children at the Tuftonboro Cooperative Nursery School about enjoying a safe Halloween. Hot Dots were given to all children for use on their jackets or costumes so that they would be more readily visible on the roads after dark.

Dec., 1981

The Telezon Program, borrowed from the New England Telephone Company, was brought to the Central School. This program is a training device for teaching children how to use the telephone. Emphasis is placed on how to make emergency calls. The program will be kept until every child has had an opportunity to receive training in proper use of telephones.

**ADULT PROGRAMS**

For the first time, the police went into the community with safety programs for adults.

June 18, 1981

A Self Protection Program for women was given at a Hikers' meeting in the Willing Workers Hall. The program was designed to stress awareness of what could happen; ways of avoiding risk situations; means of protecting one's self in the community, on the roads and in the home.

Oct., Nov., 1981

An eight-week course in Self Defense, which started in October, was given at the Central School. The need for awareness, in order to avoid getting into trouble, was discussed. Instructions were given and practice sessions held on basic moves of the martial arts of Karate, Judo and Tai Kwan Do which could be used for self protection. William Malay of Ossipee, a qualified instructor in martial arts, assisted with the program.

### **PROGRAMS IN PLANNING STAGES**

During 1981, many hours were spent developing the foundations for a program concerning the treatment of Juvenile First Offenders. It is felt that means can be found to keep many juveniles from becoming repeated offenders.

Crisis Homes is a related program that your Police Department would like to see underway in the near future. There are times when a juvenile, not in trouble with the law, needs temporary shelter for personal reasons. The juvenile(s) can be placed in a crisis home until the parent(s) or guardian(s) can be reached.

### **Training**

Irene has participated in Police Certification Classes and has attended childrens' and youth seminars in Manchester. She also has attended the classes required for licensing by the State of New Hampshire as an EMTA, EMT-I (ETOA), EMT II (Mast Trousers) and is a recognized National Registry EMT. She also is a Red Cross CPR instructor.

Respectfully Submitted,  
WILLIAM C. KEYES

## **PLANNING BOARD REPORT**

In 1981 the Planning Board had 29 meetings of which 17 were workshop meetings. The Planning Board approved 8 subdivisions for a total of 14 new lots and 18 condominium units. Our workshops were devoted to working on the Master Plan, preparing for two court cases and working on revisions to the Zoning Ordinance. In addition to attending meetings, Board members individually spent many hours of personal time working on the Master Plan, viewing proposed subdivisions, consulting with Town Counsel regarding specific applications before the Board and court proceedings, and also appearing in court.

## 1981 CONSERVATION COMMISSION REPORT

At the 1981 Town Meeting, the townspeople voted to establish Town Forests on town owned properties, and authorized the Conservation Commission to manage said forests. Accordingly, the Commission has developed a series of nature trails on the 22 acre Davis Lot behind the Tuftonboro Library. There are eighteen numbered points along these trails, corresponding to a map and guide available at the Library. This area is already being utilized by the Tuftonboro Central School for environmental education classes, and it is hoped that the residents of the town will take advantage of it for their own education and enjoyment.

As usual, the Commission investigated several Dredge and Fill Permit applications, and in some instances made recommendations regarding the proposed projects.

It is our intent in the coming year to begin a wetlands inventory. This is a time consuming and costly project, but it is felt that costs to the town can be kept to a minimum by utilizing the abilities and time of your Commission members.

## ROAD AGENT'S REPORT

We regraded and put 6" of crushed gravel and light tar on 800' of the entrance of Union Wharf Road from Rt. 109. There will be another 3" mixture of tar put on this year. Lang Pond Road was widened and graveled, and all other roads were graded and the ditches cleaned. We completely retarred Beech Pond and Caanan Roads and the new townhouse road off of Tuftonboro Colony was tarred. Also we replaced culverts and dynamited boulders in various parts of the town.

## REPORT OF THE TRUSTEES OF TRUST FUNDS

During 1981 the Trustees have made the following changes in Trust Fund Investments, to increase earnings by reinvesting in Certificates of Deposits:

1. Leon Shepard Scholarship Fund has been moved from the New Hampshire Savings Bank, Concord, and invested in 6 months Certificates of Deposits at the Kingswood Trust and Savings Bank, Wolfeboro. Interest, monthly, is then transferred to an interest-paying savings account there.
2. Tomb Fund for the benefit of the Tuftonboro Library (for periodicals and new books). Upon the advise of the New Hampshire Attorney General's Office, Register of Charitable Trusts, the Densply International stock has been sold and reinvested in a 2½ year Certificate of Deposit at Kingswood Trust and Savings Bank. The interest is paid to the Library Trustees quarterly.
3. Cemetery funds have been moved from New Hampshire Savings Bank to 6 month Certificates of Deposit at Kingswood Trust and Savings Bank, and the interest is paid monthly into a NOW checking account (also interest bearing), at the Wolfeboro National Bank. A savings account at the Meredith Village Savings Bank has also been transferred to the Wolfeboro National Bank account.

Did you know that in the 17 square miles of Tuftonboro township there are 48 known cemeteries, most of which are maintained by funds left to the Town and administered by the Trustees of Trust Funds?

During the past year, several new signs have been erected and much brush and grass trimming has been done as well as straightening and resetting grave markers.

The Trustees wish to express our thanks to Roy Johnson for his council and work in our accounting reports to the Town and to the State.

## 1981 TUFTONBORO PARK & RECREATION REPORT

We started 1981 off with a cross country ski day for families in town. We skied from Union Wharf Rd. to 20 Mile Bay and back again. Plans for further skiing were halted abruptly by Mother Nature. For those people not interested in outdoor activities, there was an aerobic dance class held at the Tuftonboro School from November, 1980 to April, 1981.

On Easter weekend, there was an Easter Egg Hunt at the ball field for children, ages pre-school through the 5th grade. Eggs were hidden all over the grounds with prizes for the winners and a special drawing for two additional prizes. There were hot chocolate and candy for all. Three Easter Bunnies showed up to entertain and help with the hunt. This was very successful!

There were no swimming lessons in Melvin Village this year due to a mix-up with our instructor. We hope to have lessons resume this summer. The beach areas were set-up, as usual, by our members and kept well mowed by Brad & Cy Hunter.

The ballfield was used this year by a men's softball league. There were some much needed improvements made to the infield. Hopefully, this will make playing there in the future a lot more enjoyable. On September 5, the field was host to our 2nd Annual Tuftonboro Field Day which this year was combined with a benefit barbeque for the Mirror Lake fire truck that was damaged. This was an all day affair and well attended.

Blair Rudolph, our newest member, and Louis Dearborn put a lot of time and effort into upgrading the ice skating rink behind the library. This has been flooded and is being used regularly.

We welcome any comments or suggestions you may have to improve recreation in our town. Thank you to all the volunteers who made this year successful.

Respectfully submitted,  
BETTY GUNRUD, Chairman

**VISITING NURSE ASSOCIATION  
ANNUAL REPORT  
1981**

The Visiting Nurse Association of Wolfeboro and Vicinity, Inc. now provides Home Health Care to residents of eight towns. Services to Ossipee residents began shortly after voters' approval was obtained at the March Town Meeting. Total services provided continue to increase, even after allowing for the increase in our service area. A total of 6792 home visits were made by the Agency Staff, while 338 Home Health Aide visits were made under the contractual agreement with Carroll County Health and Home Care Services, Inc. and Lakes Region Community Health Agency, Inc.

The Well Child Clinic Program offers comprehensive preventative health care services to children from birth through age five. Three clinic sites are now utilized: Ossipee, Wakefield and Wolfeboro. The addition of the clinic site in Wolfeboro makes the clinic services more accessible to Wolfeboro and Alton residents. Through cooperative efforts with local school district personnel, school age children are immunized according to State requirements. Children within this agency service area have one of the highest rates of completed immunizations within the State.

Funding cuts for Health Care, both at the State and Federal level do affect this agency. Every attempt is made to lower costs of providing service. Our per visit cost of \$12.50 compares favorably with the costs of \$25.00 or more charged by agencies in neighboring areas. Patients whose care is not reimbursed by insurance are asked to contribute toward the cost of the care they receive.

Again this year, the success of our program has been dependent upon many people; the active commitment of the Board of Directors; the assistance of physicians and school nurses; the many volunteers who assist with the Well Child Clinic services; the cooperative efforts of other agency personnel; the support of contributions to our annual fund drive and to the residents of our service area who give their support to our appropriation requests. The Board of Directors, the Agency Staff and I thank you all.

Respectfully submitted,  
DAVENA R. DEWOLF, R. N.  
Nurse Administrator
